

JEWS IN ST. OTTILIEN (HOSPITAL)

List from Sharit Ha-Platah Bavaria, published in Munich by the Central Committee of Liberated Jews in Bavaria

Volume 1 (1945), p. 36-40

(Complete editions of the volumes which contain 61,387 names of survivors can be found at the Leo Baeck Institute, New York, at the KZ memorial site of Dachau, or at the Yad Vashem Library in Jerusalem.)

(page IV) **Foreword**

In these pages are contained a portion of the names of the „Remnant of Israel“ now scattered throughout the many camps in Bavaria. Though by no means a complete list for this area, it lacks few names to make it such.

Haste took precedence over perfection. Consequently, the lists have not been systematized. They are for the most part arranged alphabetically according to camps and to divisions within the respective camps. In the case of Theresienstadt list, the original copy allowed for not further systematization.

There is a constant shifting of the personnel of the camps. In some instances camps are being closed. From other camps a goodly number are returning to their native lands. There is at the same time a continual moving from camp to hospital and from camp to camp. A name in any listing indicates primarily that the named individual is alive and that at the time the list was compiled he was at the camp indicated.

It is our prayer that in these lists many will find loved ones. The seeker is cautioned to the fact this list covers only the region of Bavaria. Since this collection has gone to print, additional lists have been found. Immediately following the completion of this volume, a second will be forthcoming.

Every effort is being exerted to reunite families and friends. It is anticipated that within the next weeks complete lists of all Jews in Germany will be ready for distribution.

It is difficult to beg of those who have so long and so severely suffered to be patient. Yet we must constantly remind our unfortunate brethren that the tyrants destroyed our world in six years and as much as we would like to, we can not repair it in the space of six weeks.

May your every prayer be answered.
